DEAR FRIENDS OF THE COMMUNITY FOUNDATION,

How REAL is the generosity of Frederick County donors? $8.5 million REAL! That’s how much was received in FY2015 from more than 2,000 donors in support of one or more of the 676 Community Foundation component funds.

The reality of $8.5 million received (and added to our existing endowment) and the 5 percent annual spending policy (on average) from the funds translated to $4.5 million invested back into the community in grants and scholarships. Some of the most supported grant areas were health and human services, educational programs, and faith-based organizations (see page 16 for the complete breakdown). The areas of youth programs and civic and cultural organizations, while smaller in grant support, still packed a punch of reality for those who benefitted.

For the third consecutive year, 272 students received REAL scholarships for the 2014-2015 academic year that exceed a half-million dollars. Totaling more than $552,000, the scholarships helped students pursue studies ranging from agriculture to architecture, and nursing to engineering. Their degrees, when completed, will help them obtain REAL employment and become productive citizens.

So, when we say grants and scholarships make many things REAL for thousands of people in Frederick County, we really mean it. Their reality is a scholarship that makes the difference in furthering their education or not, or a grant that supports temporary housing because they’ve fallen on hard times. Other realities bring mistreated animals back to health, or provides people access to health care and specialty services that are otherwise unavailable. Lives are changed and improved, the arts are supported, historic preservation is promoted, our seniors are assisted through elder care programs, civic causes get a leg-up, agriculture grows, the environment is conserved and protected, and youth programs help children and teenagers mature and learn. For every person touched through a scholarship or grant, “It’s REAL” to them.

Thank you for being a REAL supporter of the Community Foundation. Because you care, REAL causes are connected to REAL donors and this makes a REAL difference in our community every single day. It is For Good. Forever. For Frederick County.

Advancing the Community
By the end of FY2015, grants totaling more than $4.2 million made a REAL difference in the lives of Frederick County residents.

The community was cared for through grants supporting faith-based organizations, health care, elder care, community services such as fire and rescue, and housing. Frederick County was enhanced through grants that continued to help agriculture stay well-rooted, neglected animals cared for, arts programs and offerings, civic club projects, environmental improvements, and historic preservation.

The community was advanced with grants for youth, school-readiness, and educational programs. Grants are made possible by generous donors through unrestricted funds, donor-advised funds, designated funds, field of interest, agency, and fiscal agency funds.
The Community Foundation’s strategic grants, based on data from the 2011 Frederick County Human Needs Assessment, focus on providing accessible and affordable health care, housing (a basic human need), with emphasis on those who are precariously housed and newly homeless, and school-readiness for children birth through age 5. These grants are directing funding into critical areas of need in Frederick County. Funding is through unrestricted and strategic funds.

These grants are making a REAL difference in people’s lives by providing access to health care (including dental, vision, diabetes, and behavioral health) to those uninsured or underinsured. Strategic grants directed towards housing are helping people who need shelter, both temporary and permanent, obtain safe and secure places to live. Finally, strategic grants are preparing children to be “ready-to-learn” when they enter kindergarten, and their parents are learning ways to help them succeed.

Grantees report that demand for health services and housing continue to outpace supply. The most recent Kindergarten Readiness Assessment by the State of Maryland indicates that 55% of kindergartners in Frederick County meet the standard**, leaving 45% unprepared. Great need in all areas still exists and much work remains to be done.

**What’s REAL about FY2015 Strategic Grants***?

“MHA provided 450 counseling sessions to 73 clients. By covering the gap between the client fee and the service cost, the strategic grant allowed us to help more clients who may have otherwise gone without treatment.” Shannon Aleshire, Chief Executive Officer, Mental Health Association of Frederick County

---

*FY2015 strategic grants are active through December 31, 2015. Data reported here is based on grantee mid-year reports submitted July 31, 2015.

Driven by a desire to make a difference in the lives of Frederick County residents who need access to health care, those newly homeless or precariously housed, and school-readiness for children, additional financial support was provided by organizations and individuals for the strategic areas. Their support in FY2015 made a REAL difference and The Community Foundation is grateful for their generosity.

Strategic Grant Funding was provided by:

- Dorothy L. Etzler, and The Norman W., Edna V., and Dorothy L. Etzler Memorial Fund for a grant to Lions Club of Frederick.
- The FoodPRO Corp Fund for grants to Frederick Rescue Mission, Gale Recovery, Heartly House, and YMCA of Frederick County Head Start.
- The Frederick Giving Project Fund for a grant to Heartly House.
- The Kiwanis Club of Suburban Frederick Fund for a grant to Family Partnership’s Bright Futures II program.
- The PNC Fund for a grant to YMCA of Frederick County Head Start.
- Grants from The Joan Hendrickson Fund, The Steve and PJ Barger Family Endowment Fund, and a gift from Mr. and Mrs. Robert Hooper supported school-readiness for children.
The Frederick County Human Needs Assessment ///

The Community Foundation’s strategic grant journey began in 2009, when one of the Board of Trustee’s three-year strategic planning initiatives was to conduct a community-wide human needs assessment, with this information to be used to create measurable, positive community impact through its grantmaking program. The fall of 2010 and spring and summer of 2011 saw the implementation of the human needs assessment project, with the help of the Baltimore Neighborhood Indicators Alliance – Jacob France Institute of the University of Baltimore and Johns Hopkins Institute for Policy Studies as our partners. The research focused on all areas of human services within Frederick County, and paid special attention to the areas of health, children and youth, and basic human needs. The human needs assessment results were released in August 2011, with the Board of Trustees identifying three strategic areas of focus within the health, children and youth, and basic human needs: affordable and accessible health care, ensuring children are “ready-for-school” at age 5, and housing, with emphasis on the newly homeless and precariously housed. The Human Needs Assessment Executive Summary and full report can be obtained at www.FrederickCountyGives.org/impact/needsreport.

The Frederick County Human Needs Assessment Report was made possible through the generous support of these funding partners:

Leaders on Loan

Leadership Frederick County, a program of The Frederick County Chamber of Commerce, assisted the Community Foundation through its Leaders on Loan group to perform an assessment of access to health care in Frederick County. The group, composed of business leaders who combine their expertise to manage the project, developed an online survey of Frederick County’s nonprofit health care direct-service and support-service providers. The survey identified gaps and overlaps in the nonprofit provision of health care, documented programs, numbers served, waiting lists, barriers to services, outlook for future funding, and more. The Community Foundation extends their sincere thanks to the Leaders On Loan group. Their work is another step forward in making health care affordable and accessible to all.

TOP LEFT / The ClubRiders program, an afterschool project of Boys and Girls Club of Frederick County, promotes bike riding as physical activity, and teaches the sport of riding in an organized group. Youth form strong peer relationships, and are mentored by adult volunteers from local athletic organizations. Many youth continue through the summer months to prepare for participation in Tour de Frederick. The program was supported by a grant from The Recreational Field of Interest Fund.

TOP RIGHT / The Frederick County Public Schools (FCPS) Gifts for Education Fund supported the American Sign Language (ASL) Club at Frederick Classical Charter School. The popular club had 50 students plus a wait list, and most students had no prior ASL knowledge. In six months, they acquired ASL skills that allowed them to start communicating with members of the deaf community.

TOP RIGHT / Blessings in a Backpack provides weekend nutrition to more than 320 children at Orchard Grove, Parkway, and Monocacy Elementary Schools who depend on the free and reduced meal program during the week. Each week, volunteers pack bags of non-perishable food for student’s backpacks on Friday afternoon to provide supplemental nutrition for the weekend. With a grant from The Frederick Keys Care Fund, 20 additional children at Monocacy Elementary were able to participate.

LEFT / A grant from The Charles V. and Louise D. Main Endowment Fund helped Calvary United Methodist Church’s Weekday School provide scholarships to four pre-school students needing financial assistance. The children, who entered school with Spanish as their primary language, made progress in vocabulary as well as other areas of classroom learning: personal and social development, math, science, social studies, and arts.

**ABOVE** / Students at Walkersville High School created a “Field to Fork Community Garden” with the help of a grant from The Franklin and Bess Gladhill Endowment Fund for Agriculture Education. Students built raised beds, grew plants from seeds, and watered and maintained the beds during the growing season. In June 2015, the students enjoyed the fruits of their labors at a harvest and garden tasting.

**ABOVE** / The Arc at Market Street’s gluten-free bakery is staffed by individuals with intellectual and developmental disabilities. The training they receive teaches them skills needed to work in a commercial bakery/kitchen, and will enable them to be employed by other local business. The clients pictured here proudly display their oven-ready creations with their instructor. Training was supported with a grant from The Job Training and Skills Development Field of Interest Fund.
Jeffy’s Field, a new baseball diamond at the Lingamore Oakdale Urbana Athletic Association Park in New Market, Maryland, is truly a “field of dreams” created by Jeff Hayek’s family. The field is in honor and memory of Jeff, who lost his life to a rare blood disorder at the age of 10. He loved baseball and the field is the “big diamond” he always dreamed about. Grants from The Jeffrey Hayek Memorial Fund supported the project.

Thank you, Donors

During FY2015, the Community Foundation received $8.5 million in support of one or more of the 676 funds. The complete list of donors can be found on the Community Foundation website at www.FrederickCountyGives/give/donors.

We are very grateful to each and every donor for their generous contribution that makes a REAL difference for so many individuals and families in our community.

_For Good. Forever. For Frederick County._
How to Apply for a Grant

ABOVE / Frederick County Public Schools SUCCESS Program, a secondary transition program for students 18-21 pursuing a Maryland State Certificate of Completion, added an art class to its curriculum to allow students to increase their self-confidence and self-esteem by conveying and exploring alternative mediums of communication through art. Forty-four students participated, and ended the session an art show to display their work. The project was supported by a grant from The Educational Enrichment Field of Interest Fund.

The Community Foundation uses online grant applications to determine grants from its unrestricted funds, selected donor-advised funds, field of interest funds, and strategic funds.

Applications are completed online at www.FrederickCountyGives.org. The strategic and impact grant cycle opens in the summer of each year with grant decisions announced in the fall. Other grant opportunities are available throughout the year and are referred to as “rolling grants.” Prospective grantees are encouraged to check the website periodically for funding opportunities.

The Community Foundation’s Grants Committee carefully reviews each application for the merit of the proposal and for compliance with the funds’ criteria for grantsmaking. In addition, the Community Foundation performs due diligence on each application to ensure that organizations are in good standing at the federal, state and local levels. Grants are limited to 501(c)(3) nonprofit organizations, existing governmental/quasi-governmental agencies applying for an extraordinary project not funded by tax revenue, organizations requesting funding for non-sectarian activities, and long-standing civic groups requesting funding for a community cause.

All grantees are required to submit reports to the Community Foundation on the use and impact of the grants.

Grant application dates and details are subject to change; please visit www.FrederickCountyGives.org for current information.
Scholarships totaling more than $552,000 were approved by the Community Foundation Board of Trustees to help students with post-secondary and vocational studies for the 2014-2015 academic year, from the following scholarship funds. This was the third time in the Community Foundation’s history that scholarships exceeded a half-million dollars. These scholarships were made possible by REAL and generous donors who believe in the future of Frederick County and the value of education and want to help students achieve their goals.

The Courtney Muse Music Scholarship aids middle and high school students in Frederick County who are pursuing vocal or instrumental music performance. Special consideration is given to 5 to 18 year olds taking private lessons, those needing participation fees, costumes, or uniforms for group performances, or other expenses associated with participation in the vocal or instrumental arts. The scholarship honors the memory of Courtney Muse, a member of the Monocacy Middle School Chorus, pianist, and musical theatre enthusiast who died in a car accident, along with her brother Dustin, in December 2006. FY2015 scholarship recipients are: Catherine Derr, Daniel Diethrich, Jared Diethrich, Jordan Diethrich, Timothy Diethrich, Abigail Haffrey, Olivia Higgins, Sara Kemeny, Ava Mason, Tamara Moses, Grace Normoyle, Patience Normoyle, Talijoy Normoyle, Christina Turlik, Arabelle Wetzel, and Justin Whitmore.

The Sperry L. Storm Memorial Scholarship Fund provides students attending Frederick County Public Schools in kindergarten through 11th grade with instruction in vocal or instrumental music performance. The fund honors the memory of Mr. Storm, a well-known Frederick County musician who taught music privately for nearly 50 years and worked as a public school music educator for 35 years. FY2015 scholarship recipients are: Emily Cofer, Alexis Duda, Elise Duda, Blair Hudnall, Riley Jennings, Carina Martin, Viktor Murray, Claire Socash, and Andrew Voell.

“Music is such a huge part of my life. I always have a song in my head and want to create music. I play piano, violin, and anything I can get my hands on. Thank you for choosing me for this scholarship. I will use it towards piano lessons.” —RILEY JENNINGS

HOW TO APPLY FOR A SCHOLARSHIP
Applicants apply online at www.FrederickCountyGives.org to complete the scholarship application. The Community Foundation holds over 200 scholarships, each with unique qualifying criteria. All applications are reviewed by a volunteer committee; applicants then are assigned to all scholarship pools for which they qualify. The Scholarship Committee then narrows each scholarship pool to the most qualified applicant. The 2016-2017 application period opens on March 30, 2016 and remains open through April 30, 2016. Students are notified of the outcome of their application in early June. Dates are subject to change. Please check the website in December for the most current information.
Cornerstone Society members have REAL visions for the future of Frederick County. They want to ensure that education, health care, youth programs, elder care, the arts, historic preservation, and much more remain viable and benefit future generations. Their legacy gift will bring REAL impact to future generations.

Planned gifts can be established through bequests, pooled income funds, charitable trusts, charitable gift annuities, estate or retirement plans, or life insurance policies. Your professional advisor, along with the Community Foundation, can help determine the gift that best fits your charitable goals.

To our Cornerstone Society members, thank you for your generous support and the trust you have placed in the Community Foundation to carry out your charitable dreams.

*Now remembered forever
The members of the Widening Circles Society assist the Community Foundation with communicating to the public how grants and scholarships make a REAL difference in people’s lives. Their support helps expand public awareness through print, television, radio, and the web, which brings in new donors and new funds, and in turn, creates new, bigger, and bolder impact.
PARTNERS IN PHILANTHROPY

Partners in Philanthropy are another example of the REAL way that grants and scholarships affect positive and lasting change in the community. In addition to supporting the Community Foundation’s “voice,” they help expand public awareness through their individual and business activities.

The Frederick County Professional Advisor Council is comprised of attorneys, accountants, trust officers, financial planners, certified life underwriters, investment advisors, and other certified, licensed and degreed professionals who advise on financial and legal decisions that may include charitable giving. Each professional advisor helps donors create maximum return on their charitable investment, benefitting future generations with scholarships for students and grants for nonprofits.

Formed in 2009, the Frederick County Professional Advisor Council acts as a resource that supports a multi-disciplinary approach to current and planned charitable giving, combined with collegial networking. Professional advisors are invited to educational meetings that cover a variety of topics related to philanthropy.

As our partnership grows and membership in the Council expands, we look forward to continuing our work with the Council and invite other professional advisors who would like to become involved to contact the Community Foundation.

“Estate Opportunities for Families” was the topic of the May 2015 Professional Advisor Council’s networking and educational event. The presentation was given by Jeffay Chang, Trust Strategist, Vice President, Goldman Sachs Trust Company. Mr. Chang discussed family succession planning for family-owned businesses and presented strategies that consider current tax laws and potential legislative changes to help families develop an effective and efficient wealth transfer and charitable plan. Pictured, left to right, are Stan Chiu, Vice President, Goldman Sachs & Company, Mr. Chang, Elizabeth Y. Day, Community Foundation President and CEO, and Daniel K. Tregoning, Esq., Chairman, Professional Advisor Council Charting Committee.

What’s REAL About Community Foundation Funds?

Community Foundation funds – made up of permanent, endowed, unrestricted, donor-advised, scholarship, field of interest, agency, and fiscal agency – are what makes every grant and scholarship REAL. From the generosity of those who create funds, to the more than 2,000 donors who made over 3,800 contributions in FY2015, the funds work to affect REAL change in Frederick County. We are grateful to every donor who places their trust in us to carry out their charitable dreams and goals. Your gifts make a REAL difference in our community every day.

LEFT/ A grant from The C. Rodman and M. Jean Ogle Myers Fund supported the Frederick County 4-H Therapeutic Riding program. This child, riding her pony, Pineapple, participated in the spring horse show to demonstrate her newly learned riding skills which include steering, stopping, and balancing on the pony, hand coordination to reach for the clown and put it in the saddlebag, and following verbal directions.

LEFT/ Heartly House received an unrestricted grant to purchase therapy supplies (workbooks, art supplies, sand tray, balls) to aid in healing for children who have experienced trauma. In addition, the grant supported the “Strengthening Family Coping Resources” program, providing a way for families to enjoy a meal together and engage in conversation, helping the healing process for both children and parents. More than 50 children, 6 mothers, and one grandmother benefitted from these programs.

BELOW/ The Frederick County Public Libraries Fund was established to support the operation and special activities of local public libraries. Grants from the fund will help all branches of the library system achieve its educational and recreational goals through programs such as Frederick Reads and Summer of Wonder. In addition, library administration hopes to offer more programs in Spanish, and provide interpreters for those who are deaf.

ABOVE/ Second Chances Garage received an unrestricted grant that provides funding to complete required State of Maryland car inspections before the vehicles can be sold to qualifying clients. This was a happy day for the man on the left, who picked up his Second Chances vehicle and now has reliable transportation to his job. Second Chances Garage seeks to help people become independent by assisting with their transportation needs.

Gifts to any fund are gladly accepted throughout the year, in any amount.
The Delaplaine Visual Arts Education Center added gallery space near its Carroll Creek Park entrance, with the help of a grant from The Visual Arts Field of Interest Fund. The first utilization of the space hosted the Elizabeth Barker Delaplaine Award for Young Artists. Pictured are the 10 finalists chosen from 65 entries, whose work was displayed in the new gallery.

GIFT FORM
for Tribute or Memorial

Since 1938, four generations of the McCutcheon Family, owners of McCutcheon’s Apple Products, Inc., have maintained and refined recipes and processes to preserve Frederick County’s finest fruits. Similarly, since 1986, the Community Foundation has preserved the charitable dreams of those who wish to make a real difference in the lives of others.

For many years, McCutcheon’s has generously contributed its products to the Community Foundation for donations made in honor or memory of a loved one. If you make one of these special contributions of $100 or more to any Community Foundation fund, you have the unique opportunity to have the Community Foundation send a colorful gift package of two jars of McCutcheon’s famous fruit products to that person or their family member as an acknowledgment of your generosity in their name.

Choosing a McCutcheon’s Gift Package from the Community Foundation continues the tradition of preserving all that is good and meaningful in acts of giving, and we thank the McCutcheon Family for their commitment to the Frederick County community. The Community Foundation acknowledges all tribute or memorial gifts.

How To Start Your Own Fund

The generous citizens of Frederick County are creating new funds every day. You can, too. All you really need is the desire to make a lasting difference in the lives of those around you.

What are your goals? Do you want to make your gift now, or establish your fund with a planned gift? Do you want to provide grants and/or scholarships now or after your passing? Either way, establishing a fund with the Community Foundation is a wonderful way to sustain a cause that is near and dear to you, support specific areas of education, honor loved ones or establish a legacy. Once you’ve decided on your goals, the Community Foundation staff can help you determine the type of fund that will ensure your charitable goals are met.

Next, determine a suitable name for the fund. There are many ways to name a fund. Many funds include the donor’s name, or name(s) of those being honored by the fund. Some fund names reference the specific cause or organization they benefit.

ABOVE / Leadership at Trinity United Methodist Church (UMC) in Frederick established The Trinity United Methodist Church Sustaining Fund to support the activities and mission of the church, and establish long-term stability. Through the fund, many projects important to the church will come to fruition, which will have positive impact in the community.
The Community Foundation of Frederick County holds two categories of funds: permanent funds and pass-through funds. Permanent funds generally never spend the initial gift and subsequent gifts, with a portion of the fund supporting the charitable purpose defined by the fund’s founding donor. Permanent funds include endowed funds and quasi-endowed funds. Endowed funds distribute net income plus appreciation annually, not to exceed 5 percent of the June 30 market value and never invading gift principal. Quasi-endowed funds distribute 5 percent of the fund’s June 30 market value each year. Pass-through funds may distribute all gifts as well as the investment return for the charitable purpose. Permanent funds and pass-through funds may be any of the following types of funds: designated, unrestricted, donor-advised, scholarship, field of interest, agency, or fiscal agency. For more information about types of funds, please see page 76.

What type of gift would you like to use to start the fund? While many funds are started with gifts of cash totaling $25,000 or more, non-cash gifts such as real estate, securities or life insurance are also options. For gifts of $500,000 or more, you may recommend an investment professional outside of the Community Foundation’s investment pool, pending certain criteria. Your financial advisor can help you determine what type of gift to use, and the Community Foundation encourages you to consult with him or her prior to making your gift.

How involved do you want to be with the fund? Do you want to review grant applications? Do you want to sit on a scholarship selection committee? Do you want the comfort of knowing that a check is sent automatically to your favorite cause each year? Do you want your family to be involved with the fund after your passing? Your intended involvement helps to determine the type of fund that you choose.

If you’d like to contribute less than $25,000, don’t worry. You can “plant a seed” by starting a fund and becoming a member of the Acorn Society. Simply select a name for the fund and agree to grow the fund to at least $25,000 within two years or less. Once your fund reaches $25,000, disbursements can be made. Other ways to create impact include contributing to a field of interest fund or any of our other funds, or establishing your legacy by deciding on a planned gift. No matter how and how much you decide to contribute, the Community Foundation makes the act of giving easy.

LEFT / The first scholarship from The Ann Burnside Love and Thomas A. Love, MD Family Scholarship Fund was presented in FY2015. The fund was founded by Ann Love to honor her late husband and the family they created, and will provide post-secondary scholarships to students pursuing writing careers and students enrolled at University of Maryland’s medical or dental schools.
**Property You Can Use to Create Your Fund**

Some people have asked if the Community Foundation accepts only cash contributions. The answer is no. There are many ways to establish a fund. Some ideas you may wish to consider are listed here.

**Cash** You may establish your fund by giving a check to the Community Foundation. You receive the maximum tax deduction for your contribution in the year you make it. Any unused deduction can ordinarily be used over the five succeeding years.

**Securities** You may donate securities to your fund. You get the maximum tax deduction, equal to the current value of the securities. If that deduction is larger than what you can use in the year of your gift, the excess amount may ordinarily be deducted over the five succeeding years.

If the securities are appreciated, you pay no capital gains tax. If you own depreciated securities, it may be best if you may sell them, take the loss for personal income tax purposes, and contribute the proceeds to the Community Foundation.

**Real Estate** Your real estate holdings can also benefit charity. Gifts of long-term appreciated real estate offer advantages similar to gifts of appreciated securities. Real estate will be accepted by the Community Foundation if it is readily saleable and does not require long-term management. You are required to obtain an appraisal to establish the value of the real estate for your tax deduction.

**Life Insurance** You may donate your life insurance policy to your fund. You receive an immediate tax deduction, usually in an amount equal to the cash surrender value. If you wish to keep the policy in force, your continued premium payments are tax deductible if the Community Foundation is the owner of the policy.

If you don’t want to give up the policy, you can name the Community Foundation as a full or partial beneficiary.

**Art and Other Tangible Personal Property** You may use your paintings, sculptures, jewelry, etc. to establish a charitable fund as long as the property can be sold easily. You will be responsible for obtaining an appraisal to establish the value of the personal property for your tax deduction.

You can start a named fund for as little as $25,000 – using cash, securities, real estate, life insurance, art, or other assets.
Some Examples of Ways You Can Establish or Expand Your Fund

Outright Gift During Your Lifetime  An outright gift is the simplest of all gifts to make and can be made now. It provides the greatest and most immediate support. The most common way to make an outright gift is a gift of cash, which can be used to establish your own fund, or can be added to an existing fund. In addition to a gift of cash, outright gifts can be in the form of publicly-traded securities or by transferring other assets directly to the Community Foundation.

Bequest  Perhaps you are making decisions on a new will. You have taken care of all the usual details, assigned sentimental possessions, and provided for relatives. You can stipulate that all remaining assets go to create your fund or to add to an existing fund, possibly significantly reducing the taxes payable by your estate. Your fund will support community needs in your name permanently.

Or, you simply write a codicil (amendment) to your existing will. You state that in addition to or instead of certain provisions of that will, you would like to leave the remaining assets, or a specific dollar amount, to the Community Foundation for whatever purpose you determine. Your lawyer can assist you in making this change. The Community Foundation also has suggested language for making provisions in your will.

Life Income (Charitable Remainder) Trust  You may have achieved a fairly comfortable accumulation of assets, but would like an income for yourself, your spouse, or other beneficiaries for the rest of your lives. Ultimately you want charity to benefit from your estate.

You can establish a charitable remainder trust that pays you and/or your designees for your lifetimes, with the remainder of the trust going to your fund. You receive a substantial income tax deduction and estate taxes will be reduced upon your death. If you prefer, you can establish a charitable remainder trust in your will, providing a life income for surviving beneficiaries. Because of the charitable estate tax deduction, the surviving beneficiaries may receive a larger income than would otherwise be possible.

There are two types of charitable remainder trusts:

Annuity Trust  – a fixed income trust from which you or your beneficiaries will receive a set amount each year.

Unitrust  – a variable income trust from which you or your beneficiaries will receive a percentage of the trust’s assets. Changes in the asset value of the trust will affect the level of your income each year.

The minimum amount recommended for a charitable remainder trust is $100,000.

Charitable Lead Trust  You may have provided for your children already or you may want to provide for your children in the future, but not now. With a charitable lead trust, you donate part of your estate to the trust now, and the income goes to your fund for a designated period of years. Your taxes are reduced and the property is not taxed to your children. After a period of time that you specify, the trust terminates and the assets go to your children. The charity benefits during all those years and your children may receive much more than they would have otherwise.
Gifts from an Estate or Trust As the Personal Representative under a will, you are directed to allocate a certain amount of money for general charitable purposes. Some professional guidance may be helpful to you. You may set up a fund within the Community Foundation in the name of the deceased. With the approval of the court, if necessary, you arrange to have the charitable portion of the estate paid to this fund. The Community Foundation would then assume the responsibility of carrying out the deceased’s charitable interests.

Assignment of Trust Fund Income You may be the beneficiary of a trust which pays you a regular income. Even though you may give some of this income to charity, you may not receive maximum tax benefits. If you assign to your fund a portion of this annual income for the benefit of charity, you pay no further tax on this income. In addition, you may take an immediate income tax deduction for the value of this assignment. If this deduction is more than you can use in the year of the assignment, the excess may ordinarily be deducted over the five succeeding years.

Corporate Funds Perhaps you are an executive in a business or corporation, responsible in part for corporate giving. How do you sift through the blizzard of charitable appeals?

You can establish a fund with the Community Foundation, either in the name of the corporation or an anonymous name. The Community Foundation then distributes the gift for you, relieving you of this burden.

Transfer Your Foundation’s Assets If you are a trustee of a private foundation, you may establish a fund within the Community Foundation in the name of the private foundation. After arranging to transfer all or part of the assets of the foundation to the fund, the Community Foundation takes care of all the paperwork required by the government. Investments are handled by experienced people. Taxes are no longer imposed, and the amount available for charity is increased. You are secure in knowing that the fund will be administered permanently by the Community Foundation.

Transfer A Charitable Organization’s Assets Perhaps you are on the board of directors of a charitable organization which is terminating. You may create a fund within the Community Foundation in the name of your organization. You liquidate the assets in accordance with all laws and IRS regulations and transfer them to the fund, specifying that the income will be used only for grants in a similar field of interest. The mission of your organization is thereby continued in perpetuity.

At A Glance

Establish a new fund with the minimum gift of $25,000. If your gift is less than $25,000, you may make the gift to an existing fund or become an Acorn Society Member.

- Decide whether to make your gift now or later
- Name the fund
- Select the gift to be given
- Determine the type and purpose of the fund
- Take advantage of the Community Foundation’s “$500,000 policy” to recommend an investment professional outside of the Community Foundation’s investment pool
- Decide on life income interest (if any)

Consult your professional advisor. The Community Foundation staff can provide details about each gift type, but does not give legal or tax advice. You are urged to consult with your attorney, banker, accountant, or financial planner before making a gift or establishing a fund.

Jeanne Vaughn was devoted to teaching the sciences in Frederick County Public Schools, and because of her devotion, her family created The V. Jeanne Vaughn Memorial Scholarship Fund. Scholarships will support students pursuing post-secondary education in chemistry, biochemistry, or science education.
FUND PERFORMANCE

Well-managed charitable funds benefit our community now and in perpetuity. Donors start funds with a minimum gift of $25,000 to benefit the causes that they choose. These funds are then invested, with a portion of the funds spent each year according to the spending policies that the donors choose at the time the funds are established.

Professional investment managers invest the Community Foundation’s assets in accordance with the Community Foundation’s investment policies. Investment performance is monitored and overseen by the Investment Committee, comprised of Community Foundation trustees and others with investment expertise. The Community Foundation’s financial statements, including investments, contributions, and future interests, are audited annually by an independent auditor and are available for public review.

INVESTMENT OPTIONS

Hundreds of named Community Foundation funds are invested as follows:

IN THE GROWTH OPTION

Growth to a certain benchmark defines this option. Almost the entire portfolio is held in equities. When the fund reaches the intended benchmark, it is transferred to another investment option to start awarding scholarships and/or grants.

IN THE BALANCED GROWTH OPTION

Growing the fund at an acceptable level of risk defines this option that is generally used for quasi-endowment funds. This portfolio has tiered investments, with the majority in equities and smaller amounts in fixed income instruments and money market funds.

IN THE BALANCED INCOME OPTION

Producing income while growing the fund generally defines this option for endowment funds. This portfolio holds tiered investments, with the majority in fixed income instruments and smaller amounts in equities and money market funds.

IN THE MAINTENANCE OF PRINCIPAL OPTION

Preservation of principal is this option’s only objective. This portfolio is held in money market accounts and certificates of deposit.

ALTERNATIVE INVESTMENT OPTION

Donors establishing a fund with $500,000 or more may recommend an investment manager and strategy, subject to the approval of the Community Foundation’s Board of Trustees.

## FUND TYPES

The Community Foundation holds different types of funds that fall into different categories, depending on the instructions and intentions of the donor who created the fund.

### PERMANENT

Is a fund where the initial gift and subsequent gifts are generally never spent, with a portion of the fund supporting the charitable purpose defined by the fund’s founding donor.

Permanent funds may be:
- **endowed funds** – distributes net income plus appreciation annually, not to exceed 5 percent of the June 30 market value and never invading gift principal
- **quasi-endowed funds** – distributes 5 percent of the June 30 market value each year

### PASS THROUGH

Is a fund where all gifts as well as the investment return are used for the charitable intent.

### PERMANENT and PASS THROUGH funds fall into the following categories:

Please note: management fees and minimum and scholarship amounts listed below apply to funds created on or after July 1, 2014. Please contact the Community Foundation office for information about funds established prior to July 1, 2014.

### DESIGNATED

Funds allow a donor to designate one or more specific nonprofits to be supported each year.

- annual management fee: the greater of 1 percent or $200
- minimum grant amount: $500

### FIELD OF INTEREST

Funds allow a donor to specify general areas to direct grantmaking, but not specific nonprofits.

- annual management fee: the greater of 1 percent or $200
- minimum grant amount: $500

### UNRESTRICTED

Funds allow a donor to direct the Community Foundation to determine the most appropriate uses for the fund, creating the greatest impact possible within the community.

- annual management fee: the greater of 1 percent or $200
- minimum grant amount: $500
- annual valuation date of April 30

### AGENCY

Funds allow nonprofits to work with the Community Foundation to take advantage of its expertise in managing charitable funds.

- **Agency Pass Through funds**
  - annual management fee: the greater of 1.25 percent or $375
  - minimum grant amount: $500

- **Agency Permanent funds**
  - annual management fee: the greater of 1 percent or $200
  - minimum grant amount: $500

### DONOR-ADVISED

Funds allow a donor to maintain an advisory role in how proceeds are disbursed.

- annual management fee: the greater of 1.25 percent or $375
- minimum grant amount: $500

### FISCAL AGENCY

Funds allow start-up organizations and groups addressing an emerging or short-term need to work with the Community Foundation.

- annual management fee: the greater of 1.25 percent or $375
- minimum grant amount: $500

### SCHOLARSHIP

Funds allow a donor to provide financial assistance for academic need.

- **funds under $100,000**
  - annual management fee: the greater of 2 percent or $200
  - minimum scholarship amount: $1,000

- **funds of $100,000 or more**
  - annual management fee: the greater of 1.5 percent or $200
  - minimum scholarship amount: $1,000
  - participation fee: 0.5 percent
